**FOR IMMEDIATE RELEASE**

July 18, 2005

**Phase 2 Consulting Senior Managing Director Named to  
Board of Miracor Diagnostics**

**Salt Lake City, UT, July 18, 2005**--Phase 2 Consulting, a division of RehabCare Group, Inc. (NYSE:RHB), has announced the election of Howard W. Salmon, Senior Managing Director, to the board of Miracor Diagnostics, Inc. ([www.miracor.net](http://www.miracor.net)). Since 1998, Miracor has owned and operated free-standing diagnostic imaging centers that specialize in MRI technology, with sites currently in five states: California, Florida, Illinois, Ohio and Oregon.

Mr. Salmon has over 35 years experience in the healthcare industry throughout the U.S. and internationally, spending the majority of his career involved in hospital operations management, business development and acquisitions. Prior to joining Phase 2 Consulting in 1993, he was Senior Vice President of Medical Imaging Centers of America. He has served on the boards of several public and privately held healthcare organizations, including Hemispherix Biopharma, The Institute of Clinical Pharmacology in Ireland and the Business and Industry Health Group. He was elected to the board of Miracor under a three-year term.

"Howard will bring enormous insight backed by years of experience to our relatively young company," says M. Lee Hulsebus, Chairman and Chief Executive Officer of Miracor. "He is greatly respected for his knowledge of the healthcare industry, and we are thrilled to have him on our board as we move forward."

"Miracor has great opportunity for aggressive growth," says Salmon. "The market for MRI services will continue to grow as demand increases by an aging population and more physicians and payers recognize MRI as a cost-effective, noninvasive diagnostic tool."

Founded in 1986 by John H. Short, Ph.D., Phase 2 Consulting ([www.phase2consulting.com](http://www.phase2consulting.com)), has offices in Salt Lake City, Austin, TX and St. Louis, MO and specializes in strategic planning, revenue enhancement, clinical operations and productivity improvement, physician practice

management, managed care contracting, correctional healthcare and online patient accounts.

Phase 2 Consulting is a division of RehabCare, a leading provider of program management services in conjunction with more than 890 hospitals and skilled nursing facilities in 37 states, the District of Columbia and Puerto Rico.

Miracor Diagnostics, Inc. provides state-of-the-art diagnostic imaging services through a network of 13 company-owned and operated facilities in five states. Specializing in MRI, each of the company's sites offers open MRI equipment and other imaging modalities as well as the most recent software for enhanced imaging quality.
